### KICKING

Horse Has Caused No End of Trouble.

Kicked Its Driver 'on the Head' and Demolished a Barn.

The kicking of a horse owned by Morris Weiner, which was purchased of George Rempes, corner Voris and Main streets, has caused no end of trouble.

Wednesday morning Weiner was kicked in the forehead and severely injured. The horse has kicked part of the barn down and none of the family are able to drive him, so they are kicking. Weiner kicked to the police and Rempes about the horse and then Rempes also kicked to the police. The horse was driven to South Akron and left standing in front of Rempes' place. At 1 o'clock Officer Mahoney kicked to Chief Harrison and he commanded the officer to put the kicker in Hardy's livery stable. Since then there has been no kicking.

## GREAT STEEL COMBINE

Declared That Consolidation Had Been Effected.

THE CAPITAL OVER \$300,000,000.

Organization With That Vast Sum to Be Formed—Carnegie Steel Company the Backbone of It—The Other Companies Included—Federal Company Out.

New York, May 5.—It was authoritatively announced that the consolidation of many large iron and steel companies had been effected and that an organization with \$300,000,000 or \$400,000,000 capital was to be formed. The Carnegie Steel company is the backbone of the new enterprise, and will probably represent 100,000,000 of its capital. Besides the Carnegie company the following corporations are included:

National Steel company, \$50,000,000; American Tube company, \$30,000,000; American Steel Hoop company, \$30,000,000; American Steel and Wire company, \$80,000,000; National Tinplate and Enamel company, \$20,000,000; total, \$250,000,000.

The Carnegie Steel company is capitalized at only \$25,000,000, but is known to be worth several times that sum. The incorporation papers were being drafted. It was said the Federal Steel company was not in the combination.

New York, May 5.—A representative of J. & W. Seligman & Co., who were financing the new steel combination in previous formation, said that it was too early to place any limit on the number of steel interests which would probably join in the consolidation. The Seligman said, however, that there was little probability that the Federal Steel company would sell out to the trust. The Carnegie interests, which were expected to join the consolidation, did not include the H. C. Erick properties.

### CARNEGIE CO. INCORPORATED.

Was Rumored to Be a Step Toward the Big Combination.

TRENTON, May 5.—Articles of incorporation were filed with the secretary of state of the Carnegie Steel company with an authorized capital of \$2,000. The incorporation of this company was rumored to be a step in the direction of the movement on foot for the consolidation of all the big iron and steel combinations already formed.

The incorporators were Thomas M. Day, Samuel F. Jarvis, John J. Tracey, all of Jersey City.

### MOST PORTO RICANS CONTENTED.

Health Also Said Business Was Improved in the Island.

WASHINGTON, May 5.—First Assistant Postmaster General Perry S. Heath returned from a trip of inspection in Porto Rico. Mr. Heath said the official report made as he sailed showed that the postal service on the island was easily self-sustaining and that each post-office was getting mails at least once a day. He said if there was any discussion or discontent on the island it existed only among a very few political radicals. Already from 400 to 800 natives had enlisted as part of the army for Porto Rico. All of the insular police were natives.

All kinds of business was increasing and the postal business may be doubled this year.

All reports of insurrection of general discontent were false. The masses were thoroughly satisfied to come under our rule and contrary reports were largely due to a desire for relaxation of military discipline, particularly on the part of managers.

### OUTING FOR THE MCKINLEYS.

President Will Go to Hot Springs, Va., Next Monday.

WASHINGTON, May 5.—President McKinley decided to leave the city next Monday, and to remain away for two and possibly three weeks. According to his present intention he will spend his vacation at the Hot Springs, Va. He is suffering from a slight attack of rheumatism, and is also feeling the strain which has been upon him for many months. He is anxious to enjoy perfect rest, and at the same time to avail himself of hot baths.

### WHAT WE EAT.

Spinach is now in high favor as an article of diet. Chemists affirm that it contains more iron to the square inch "than most of the renowned feruginous remedies."

Model Bakery serves Spinach three or four times a week. Good place to get dinners. Meals only 25c. Tickets, five meals for \$1.

Spinach not only contains salts of iron and potassium, but the other salts, which are good for the liver and the blood; it therefore, improves the complexion. The French, it is said, call Spinach the scavenger of the stomach. Spinach is very easily digested, a fact which is greatly in its favor.

## MATAAFA FINALLY OBEYED.

Ordered to Keep Out of Certain Territory—Conflicting Reports as to Action of Germans.

AUCKLAND, N. Z., May 5.—Advices received here from Apia, Samoa, to April 27 stated that the rebel loss by the shelling of the Matafa stronghold at Vailima by the warships of Great Britain and the United States was "quite heavy." Many of the rebels were wounded. The house in which the late Robert Louis Stevenson lived was riddled with shot.

On April 23 there was a sharp skirmish between rebels and Lieutenant R. A. Gaunt's brigade near the town of Vailima. In this engagement one Matafa was killed.

On April 23 there was some bush fighting. Lieutenant Gaunt's brigade, numbering 800 men, advanced under a hot fire. The enemy lost several men, the bodies of the dead being dragged away. Of the friendly ones was killed and three were wounded. The British lieutenant, James H. Hickman, Snider and Harbottle, under Lieutenant Gaunt, led the loyalists.

The New Zealand government steamer Totaneke had arrived at Apia with dispatches announcing the request of the international peace commissioners that the inhabitants peacefully await their arrival from San Francisco. A meeting of the three consuls, in view of this message, was held, but without result. The German consul dissenting from the propositions of the other two consuls.

Admiral Kautz, U. S. N., and Captain Stuart of the British cruiser Tanangarua repelled defiantly refusing to withdraw his forces outside of a line ten miles long and six miles broad. Matafa repudiated the German consul and the captain of the German cruiser Falko agreed. Admiral Kautz and Captain Stuart thereupon sent an ultimatum to Matafa and made preparations for more effective fighting. Matafa then agreed.

Gaunt's Brigade was patrolling the prescribed area.

### The German Version.

BERLIN, May 5.—The National Zeitung published a dispatch from Apia, Samoa, dated April 22, which said: "The orders from London and Washington to suspend hostilities have brought back tranquility and peace. In compliance with the demand of the German consul, Matafa has gone back a long distance westward into the interior, so that there will be no danger of any collision with his troops. We Germans are naturally satisfied that our patience and impartiality has finally triumphed."

### DAVIS MARRIED MISS CLARKE.

The Newest United to the Chicago Girl in Massachusetts.

MARION, Mass., May 5.—Richard Harding Davis of New York and Miss Cecil Clarke, daughter of Mr. and Mrs. John Marshall Clarke of Chicago, were married in St. Gabriel's chapel here, Rev. Perry Browne of Roxbury, Mass., officiating. Mr. Davis was attended by his brother, Charles Belmont Davis, and Miss Ethel Barrymore was maid of honor.

The ushers were Charles Dana Gibson, Captain Arthur H. Lee, military attaché of the British embassy, Captain Lord Grosvenor, Horace Howard Furness, Jr., John Fox, Jr., Bruce Clarke, the bride's brother, Davis Browne and Robert Howard Russell.

### Woman Killed Her Mother.

CHICAGO, May 5.—Mrs. Augusta Styles, after waiting about two hours in a dark recess of a hallway at the entrance to Walcott's hall, Burlington street and North avenue, shot and killed her mother, Mrs. Catherine Schultz. Mrs. Styles said she was driven to the act by her mother's revealing a closed chapter in her early life to Mrs. Style's daughter, 16 years of age.

### A Penalty of Knowledge.

"It seems to me," remarked the high-browed theorist, "that people positively resent education. A man who is more than ordinarily wise is usually left to himself as much as possible."

"Perhaps you are right," answered Miss Cayenne. "When a man knows such a very great deal, he makes one apprehensive. There is no telling when he may be going to sit down and try to tell it all."—Washington Star.
